

Rising Star Quartet Contest
Rules and Regulations

SECTION I: ADMINISTRATION

1. Purpose of Competition

- a. Competition is a primary educational tool and performance opportunity for advancing the musical art form of barbershop harmony.
- b. The Rising Star Quartet competition is held for the purpose of recognizing superior participation by young women in the barbershop art form.

2. General Procedures

- a. Competition Songs: Quartets shall be prepared to sing two songs or medleys appropriate for use in a Sweet Adelines competition, in accordance with standards defined in the *Judging Category Description Book (JCDB)*.

- b. Attire: Costuming/Make-up/Hair: The emphasis in a Sweet Adelines performance is on the unit, not any single individual. Quartets shall be costumed in stage appropriate attire in a style and color combination that is flattering to each quartet member with an emphasis upon visual unity in accordance with standards defined in the *Judging Category Description Book (JCDB)*. While most performers reinforce unity by choosing costumes that are uniform in both color and style, it is sometimes possible to depart from this sameness while maintaining a unit appearance. Accessories such as belts, collars, appliqués, sequins, rhinestones, gloves or jewelry should always complement the costume rather than provide a point of visual distraction. Finally, effective costuming will draw attention to the faces of the performers and enhance communication with the audience.

Costumes should be clean and well pressed. Costumes should also be well fitting, include the proper undergarments and allow for the breathing mechanism to function properly. In selecting color and fabric, the performer should consider how it will be affected by the intense stage lighting used in Sweet Adelines competitions and the fact that they will also be shown via video camera on the big screens in the competition venue as well as on the internet via the Web cast.

Make-up should be used to emphasize each member's features in a theatrical setting that has bright lights as well as videography. Hair should be neat, tidy and off-the-face enough to emphasize the facial expressions of the performers. Again, the emphasis should be an appearance of visual unity.

- c. Supervision: All Rising Star Quartet competitions are held under the supervision of Sweet Adelines International and are subject to the Rising Star competition and judging rules and regulations adopted by the International Board of Directors.

- (1) On-site supervision of the Rising Star Quartet competitions is assigned to the international headquarters staff, which works in conjunction with the International President, the Education Direction Committee and the panel chair to see that all aspects of the competitions operate in accordance with the rules and regulations of the Rising Star competition.

- d. Scheduling: Rising Star Quartet competitions are held during the annual International Convention and Competition.
